ROBINSON

CORPORATION

GUIDELINES
CRYOGEN CHAMBER
SUBJECT 61/9

INSTALLATION

Insert the Twin Sector DVD into your DVD-Rom drive.
If your DVD-ROM drive's Auto-Play feature is enabled, select „Install Twin Sector"
from the menu and follow the instructions.
If Auto-Play is not enabled, select your DVD-Rom drive with the Explorer or
„My Computer" and double-click „Setup.exe" to launch the installation.

MAIN MENU

NEW GAME	Start a new game.
LOAD GAME	Select CHECKPOINT to load the latest checkpoint.
	QUICKSAVE, to load the latest quicksave.
	START LATEST MISSION to start the latest mission
SELECT MISSION	Here you can select previously played missions.
MOVIES	Select previously seen movies.
OPTIONS	Set audio and video settings, customize keyboard and mouse controls.
CREDITS	You will see the credits of Twin Sector.
EXIT TO WINDOWS	Exit Twin Sector.

STEAM™ REQUIREMENTS

Twin Sector requires a Steam-Account to log in to Steam network and play. An
internet-connection is required to create and use your Steam-Account.
During installation you are asked to create your Steam-Account and to verify
the serial number. Afterwards you can play Twin Sector.

TECHNICAL RESSOURCES

For an optimal Twin Sector experience, be sure to update your computer with
the latest drivers and system updates.
